Biographical Information:

The Pine View School District was established in 1912. It continued as a school district until 1960 when a law was passed requiring all country schools to join a High School District. On January 11, 1961, the Pine View Education Association was created. The purpose of the group was to maintain the abandoned school building as a park, museum, and community center, in addition to providing space for education and community service activities. The building was deteriorating, and in 2000 the group decided that if they could sell the property, they could use the money for the community. What better way to continue the community service than by using the sale proceeds for scholarships for graduating seniors through the Fall Creek Area Foundation.
